WHAT MAKES CARMEUSE SYSTEMS UNIQUE?

SINGLE TRUSTED VENDOR

Sourcing separate vendors is time consuming. Working with Carmeuse Systems is a one-stop shop.

CAPEX VS OPEX

We help you understand material and equipment cost to find the right mix of CapEx vs OpEx spending.

TECHNICAL GUIDANCE

Get clear technical guidance from a single source, with all factors considered.

WORLDWIDE LEADER IN MINING & MINERAL PROCESSING

Carmeuse Systems is a division of Carmeuse, a 165-year global supplier of high-quality lime and limestone products. Through this connection, we have an in-depth understanding of mining and dry bulk material handling, unmatched access to leading lime technical experts, advanced laboratory testing, and, if needed, can supply raw material from our plants.

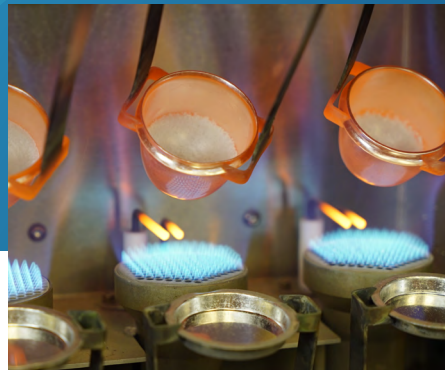

LIME & LIMESTONE SUPPLY

MINING EXPERTISE & SUPPLY

Through Carmeuse, we can provide a reliable supply of lime and limestone to customers throughout the eastern United States and Canada.

As a global mining company, we know the complexities of heavy industry firsthand, including the costs of unexpected downtime due to inferior equipment.

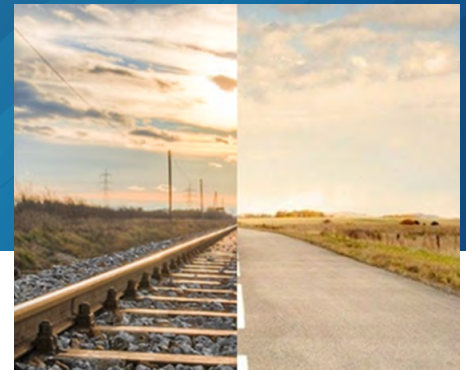

R&D / LABORATORY TESTING

OUR INNOVATION CENTER

With advanced testing capabilities and high tech equipment, our Carmeuse Innovation Center provides expert R&D and laboratory services for lime and lime-related products.

Our teams can also evaluate your water quality, water temperatures and operating conditions to help you achieve optimal lime slurry reactivity.

FREIGHT & LOGISTICS SUPPORT

TRUSTED SUPPLY NETWORK

Backed by our wide network of plants and our strong carrier partnerships, Carmeuse gets lime products where they need to be quickly and efficiently.

If your operation is in an area that is not serviceable by Carmeuse, we can still assist with evaluating and sourcing lime locally.

SAFETY IS OUR TOP PRIORITY

Whether our employees are working at your jobsite or one of our locations, we maintain an unwavering commitment to safety.
